SUBJECT: WTO GAMBLING: LITHUANIA WILL BOW TO EC

REF: SECSTATE 165472

1. We delivered reftel points to Sigrida Muleviciene, Head of the MFA's International Economic Organizations Department, on December 12. Muleviciene said this issue is being handled at the European Commission level. She admitted that the USG's offer should be considered seriously, but was clear that the GOL will not engage the EC on this.
